Dear Friends,

On behalf of Give Kids The World Village, please accept my heartfelt gratitude for your \$33,220.00 donation in support of our "Foster a Fairytale" campaign in conjunction with the IHG Owners Association. Your generosity is crucial to our mission of creating the happiness that inspires hope.

As a founding partner of the Village, the Owners Association has helped us create magical memories for over 156,000 families from around the world. For many of these families, a visit to our whimsical Village is their one and only vacation together. Here, they leave behind doctor appointments, medical treatments, and the everyday burdens they face. They share time together filled with joy, smiles and laughter ... making memories to cherish for a lifetime.

Again and again, families tell us that during their visit they find the inspiration and courage to cope with the challenges of a critical illness. Recently a mom wrote:

"Erin is so happy it's like she has been given a huge boost. We all have a warm glow inside us now, something we haven't felt since Erin was diagnosed, but Give Kids The World has put that feeling back."

Thank you from the bottom of my heart for your ongoing love and support.

With love,

Pamela Landwirth
President & CEO
